Professional Summary

Full-stack software developer with 4+ years of experience designing, building, and deploying web and mobile applications. Skilled in C#/ASP.NET, SQL, REST APIs, and modern JavaScript frameworks. Proven track record in transforming legacy systems, implementing Agile/DevOps practices, and delivering scalable, secure solutions for healthcare and enterprise clients. Experienced in mentoring teams and streamlining development workflows.

Core Skills & Tech Stack

Languages & Frameworks: C#, ASP.NET MVC, Java, PHP (Laravel), ReactJS, JavaScript, HTML, CSS, Python

Databases: Microsoft SQL Server (MSSQL), MySQL, SQLite, Firebase

Tools & Platforms: Azure DevOps, Git, GitHub, Visual Studio, VS Code, DevExpress, Postman

Methodologies: Agile (Scrum), Test-Driven Development (TDD), REST API integration, CI/CD pipelines

Other Competencies: Debugging, troubleshooting, GUI design, responsive web design, user training

Professional Experience

Eurolink International Network Corporation – Software Developer

Philippines | Sept 2024 – Present

- Maintain and enhance the eClaims PhilHealth Integration System, enabling health facilities to process claims faster and more reliably.
- Implemented Azure DevOps (Boards, Pipelines, Repos) to automate SDLC workflows.
- Developed REST API integrations to improve communication between frontend and backend systems.
- Managed end-to-end deployment from testing to production, ensuring stability and readiness for live use.

Internship Navigation Center – Software Developer

Philippines & Cyprus | Mar 2020 – Aug 2024

- Migrated a legacy Crew Management System into a cloud-based platform using Thinkwise low-code software, and modernizing workflows.
- Developed and maintained the Hartmann Information System (HIS) mobile app, ensuring performance and scalability.
- Built and maintained a Master Database system for shareholder management using ASP.NET MVC, improving data accessibility and reporting accuracy.
- Provided training on SQL/T-SQL and low-code platform usage while guiding junior developers.

Education

Bachelor of Science in Information Technology

Polytechnic University of the Philippines | 2015 – 2020
